Project Cargo Expert

Turkey

KEY FACTS

- 22 employees worldwide
- 3 offices
- Established in 2007
- Project cargo division

SNS International Transport and Foreign Trade Ltd is an Istanbul, Turkey based forwarder that is specializing in Project Cargo. While it has daily forwarding operations for land, air and sea operations, its' project team is the core business as well as breakbulk and chartering. SNS also works with long-standing partners around the world on nearly every continent. Heavy lift projects for chemical, oil and gas, energy, and construction plants have included projects for major airport construction projects worth millions of dollars to new areas of oil and gas exploration in CIS countries. In addition, SNS provides services to CIS, Iraq and Afghanistan.
